Life Enrichment

What about today's teaching challenged, disturbed, or encouraged you?

- Would you rather go hiking on a narrow path through the woods or drive through a major city at rush hour? Why?
- Why do you think Jesus chooses the contrast between broad and narrow roads to describe our two fundamental life choices?
- Of the comparisons in this week's text (Mt 7:13-14), which is most compelling to you – broad and narrow, many and few, or life and destruction? Why?
- In living your life, do you tend to walk more on the broad road or the narrow road? Why?
- What do you think makes the broad road most tempting?
- What do you think makes the narrow road more difficult? More rewarding?
- Why do you think some Christians choose mediocrity rather than abundance (Jn 10:9-10)?
- Think of the people you know who are currently choosing the wide road that leads to death. Spend some time privately and in your Life Group praying for their salvation.
- What can you do to participate in God's plan to help rescue them from sin?
